swe.d.networking@gmail.com

Society of Women Engineers Records

The non-manuscript holdings at the Reuther Library, also known as the Library Collection, contain more than 12,000 book and periodical titles, a substantial vertical file, published union convention proceedings and reports, union contracts and constitutions, pamphlets, and labor education materials. The Society of Women Engineers Records document the origins, operations, entities, programs and activities of SWE, from its inception, and the accomplishments of its members.
